

# Alcochem Hygiene datasheet

Technical name	: <b>i-trap 40 insect control system</b>
Area coverage (m <sup>2</sup> )	: 40
Light source (W) (UV-A)	: 1 piece of 36 watt PL UV-A shatterproof lamp
Type of UV lamps	: UV Lamp RoHS certified
Electrical supply (V)	: 220-240, other voltages upon request
Catch specifications (V)	: by means of long life glue board (1 piece included)
Power consumption (W)	: 43
Weight (kg)	: 4
Material	: white steel outer casing
Glass protection	: no
Degree of protection (IP)	: IP 20
Guarantee	: 1 year return to base
Int. building norm	: acc. EN 60.335-2-59 int. standard for insect exterminators
Lamp life time (h)	: 9000 (*)
Dimensions (L*D*H) mm	: 700 * 180 * 150
CE-approval	: yes
Mounting position	: wall mounted
Cable	: included
Packaging	: full colour box included
Manual	: enclosed with the unit in English

(\*) after 9000 hours a significant loss in efficiency has to be expected and lamps need to be replaced
